Wireless @ Johns Hopkins

Wireless Install Guide:
Apple Macintosh OS X 10.6.X "SNOW LEOPARD"

Additional hopkins wireless network instructions and requirements for Mac OS X and Windows can be found at:
http://www.it.johnshopkins.edu/services/network/wireless/

The Johns Hopkins Institutions offer the hopkins wireless network to faculty, staff, students, or anyone with a valid JHED ID. The hopkins wireless network utilizes WiFi Protected Access (WPA2) with 256-bit Advanced Encryption Standard (AES), to provide a high level of security and access.

How do I find out my JHED account information?

The following steps will allow you to activate your JHED ID. You will need access to a wired (ethernet) connection.

Step 1: Open a web browser and go to http://my.johnshopkins.edu.
Step 2: Click the First Time JHED User link.
Step 3: Follow the instructions on the login page to find out your Login ID and to set your password.

JHED account and Active Directory credentials should be the same except for some grandfathered accounts. If you have issues with signing in when asked for your User ID and password, please contact the Help Desk, (410) 955-HELP, to correct the issue.

How to configure “hopkins” for Macintosh OS X 10.6.x

Step 1: Go to the Airport menu and choose Open Network Preferences.

Step 2: Make sure Airport is selected and click on Advanced.
Wireless @ Johns Hopkins

Step 3: Select the 802.1X tab on the top line. For User Name, input your JHED_ID and password. For Authentication, make sure ONLY PEAP is selected. For the Wireless Network type hopkins. For Security Type, select WPA2 Enterprise. Click OK.

Step 4: Click on Airport Icon and select ‘hopkins’ network.
Wireless @ Johns Hopkins

Step 5: You will be prompted to accept our certificate. Click on Show Certificate.

Step 6: You must trust this certificate. Click on the arrow beside the certificate Trust settings to expand the option. When using this certificate select Always Trust.

NOTE: You will be prompted for your Mac OS X username and password. Then click Continue.
Wireless @ Johns Hopkins

Step 7: Enter your **JHED ID** and **password**.

Step 8: Verify that the ‘**hopkins**’ network appears only **ONE** time.
Wireless @ Johns Hopkins

Step 9: Verify the Status of the connection. You can also click the Lock icon to prevent further changes.

You are now on the network!

Where do I get additional help?
